

Diversey TASKI · SmartDose system

TASKI Sani 4in1 Plus

Washroom cleaner, descaler, disinfectant & deodoriser — 1.4L

4-in-1

one step, one product

Acid-based O.N.T.

pH < 2

neutralises odours

TASKI Sani 4in1 Plus is a concentrated, acid-based washroom cleaner that cleans, descales, disinfects and deodorises all acid-resistant hard surfaces in one step. It uses Diversey's O.N.T. technology to neutralise bad odours rather than mask them. Dosed through the SmartDose bottle system.

Before you start

- Acid-based (pH < 2) — wear gloves and eye protection when handling the concentrate.
- Don't mix with other products.
- For professional/trade use only.
- Store away from extremes of temperature.
- Full safety information is in the product's Safety Data Sheet — ask us if you need a copy.

How to use it

The SmartDose bottle doses itself as you fill it — no measuring needed.

● Spray bottle

- 1 Fill a 750ml spray bottle with water.
- 2 Turn the yellow head to the spray-bottle setting, pull it up fully, then press down to dose the concentrate into the bottle.
- 3 Shake gently before use.
- 4 Spray onto the surface and wipe with a cloth, brush or sponge.
- 5 Leave for 5 minutes contact time for disinfection.
- 6 Rinse and leave to air dry.

● Bucket

- 1 Fill a bucket with water.
- 2 Turn the yellow head to the bucket setting and press down to dose the concentrate in.
- 3 Apply the solution with a cloth, sponge or mop.
- 4 Brush briefly to distribute, and leave for 5 minutes contact time.
- 5 Use a sponge pad on stubborn soiling.

Product details

Format	SmartDose bottle (1.4L)
Appearance	Clear, red liquid
pH (neat)	< 2
pH (in use)	< 2

Surface compatibility: all acid-resistant hard surfaces in washroom areas.
