Suma Multipurpose D2.3

4-in-1 super-concentrate — 1.4L

4-in-1

2 shot sizes

Portable

floors, glass, surfaces, dishwashbottle or bucket/sinkno water connection needed

Suma Multipurpose D2.3 is a super-concentrated, 4-in-1 cleaner that replaces four separate products — floor cleaner, glass cleaner, general-purpose surface cleaner and hand dishwashing detergent — with one SmartDose bottle. It needs no water connection, so it's fully portable — ideal for smaller kitchens or where space is tight. The dispenser has two dose settings, giving the right strength whether you're filling a spray bottle or a bucket/sink.

Before you start

- Wear gloves and eye protection when handling the concentrate or fitting a new SmartDose bottle.
- For professional/trade use only.
- Store away from extremes of temperature.
- Full safety information is in the product's Safety Data Sheet — ask us if you need a copy.

How to use it

One bottle, two dose settings — pick the icon that matches what you're filling.

● Spray bottle — glass & general surfaces

- 1 Fill a 750ml spray bottle with water.
- 2 Turn the dispenser head to the low (bottle) dose setting and press to dose the concentrate in.
- 3 Shake gently before use.
- 4 Spray onto the surface and wipe clean with a cloth.
- 5 Rinse food-contact surfaces with clean water and leave to air dry.

● Bucket or sink — floors & hand dishwashing

- 1 Fill a bucket or sink with water.
- 2 Turn the dispenser head to the high (bucket/sink) dose setting and press to dose the concentrate in.
- 3 For floors: apply with a mop and let dry.
- 4 For dishwashing: wash items, rinse with clean water, and let dry.
