TASKI Tapi Gum Remover

Chewing gum remover for carpets — 500ml

Freeze & scrapeCFC-freeWoolSafe approved

no scrubbing

ozone-safe safe on carpet fibres

TASKI Tapi Gum Remover is a cooling aerosol spray that freezes chewing gum solid so it can be chipped away cleanly — no scrubbing, no residue, no damage to carpet fibres. CFC-free and WoolSafe approved, so it's safe on wool carpets too.

Before you start

- **Extremely flammable aerosol.** Keep away from heat, sparks, open flames and hot surfaces — no smoking nearby.
- Do not spray near an open flame or other ignition source.
- Pressurised container — do not pierce or burn, even after use.
- For professional/trade use only.
- Full safety information is in the product's Safety Data Sheet — ask us if you need a copy.

How to use it

Freeze it solid, then chip it away — the gum should lift cleanly without pulling on the carpet fibres.

● Removing gum from carpet

- 1 Remove as much gum as possible first with a scraper or dull knife.
- 2 Shake the can before and during use.
- 3 Insert the extension tube into the valve tip.
- 4 Point the nozzle at a 45° angle, within 2 inches of the gum.
- 5 Spray in short, quick bursts until the gum is frozen solid.
- 6 Chip or scrape off the frozen gum with a putty knife or dull scraper.
