Hook-mounted rim block · Marine, 1 pack

Toilet Duck 5in1 Rim Block

Continuous toilet freshener & cleaner

Attaches to rim**Foaming action****Lasts weeks**

no daily dosing every flush replace when dissolved

Toilet Duck 5in1 Rim Block attaches under the toilet rim and releases a foaming, fragranced clean with every flush — no daily dosing needed. Marine fragrance, lasting several weeks before it needs replacing.

Before you start

- For use only in toilet bowls.
- Wash and dry hands after handling.
- Keep out of reach of children — the block may be attractive to young children.

How to use it

One-time fitting — then it works with every flush until it's used up.

●Fitting the block

- 1 Unfold the hook on the back of the block.
- 2 Attach it to the inside edge of the toilet bowl, positioned in the flow of water from the cistern.
- 3 Flush to activate — a fresh, foaming clean is released with every flush.
- 4 Replace with a new block once it has fully dissolved.
