Persil Prof Concentrated Liquid Gel

Laundry detergent — Bio & Non-Bio

67 washesDispenser drawerBio or Non-Bio

per bottle small dose per wash same dosing

Persil Professional Liquid (with wash booster) is a laundry detergent giving 67 washes per bottle. Bio contains enzymes for strong stain removal; Non-Bio leaves them out for sensitive skin — both dose the same way, straight into the machine's dispenser drawer.

Before you start

- Not suitable for silk or wool.
- Always check garment care labels before washing.
- Don't overload the washing machine — this reduces cleaning performance.
- For professional/trade use only.
- Full safety information is in the product's Safety Data Sheet — ask us if you need a copy.

How to use it

67 washes per bottle — a small dose covers a full load. Use the cap to measure.

Machine wash

- 1 Check the garment care labels and choose an appropriate wash cycle and temperature.
- 2 Add a dose of the liquid to the dispenser drawer (check the cap's fill line, or the dosing table on the bottle, for the exact amount).
- 3 Increase slightly for heavily soiled loads or hard water.
- 4 Run the wash as normal.

Product details

Format	Concentrated liquid, with wash booster (67 washes)
