Fairy Washing Up Liquid

Manual dishwashing detergent

Concentrated **Sink or bowl** **Platinum Antibac**

a little goes a long waymanual washing upextra hygiene option

Fairy Washing Up Liquid is a concentrated detergent for manual dishwashing — cuts through grease with a small amount per sink. We stock the standard formula in 900ml and 5L, plus Fairy Platinum (820ml) for extra grease-cutting power, and Fairy Platinum Antibacterial (820ml) where hygiene is a priority.

Before you start

- Avoid contact with eyes — rinse thoroughly with water if it happens.
- Keep out of reach of children.

How to use it

Ready to use — just a small amount per sink of water.

Manual washing up

- 1 Fill the sink or bowl with warm water.
- 2 Add a small squeeze of washing up liquid and mix to create suds.
- 3 Wash items, then rinse and air dry or towel dry.
- 4 Top up with a little more liquid if the suds start to run thin.

Product details
